

# CURRENT LIST of MEDICAL LITERATURE

Vol.11

November 22, 1946

No.17

## SUBJECT GROUPS

- |                                      |                                       |
|--------------------------------------|---------------------------------------|
| • 1. Anatomy; Histology              | 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethnology           | • 27. Medicine                        |
| 3. Archeology; Paleontology          | 28. Metabolism                        |
| 4. Aviation Medicine                 | • 29. Military and Naval Medicine     |
| 5. Bacteriology; Parasitology        | • 30. Miscellaneous                   |
| • 6. Biology; Embryology             | • 31. Neurology; Psychiatry           |
| 7. Bone; Joint; Extremities; Muscle  | • 32. Nursing                         |
| 8. Cancerology                       | • 33. Ophthalmology                   |
| • 9. Cardiovascular System           | • 34. Otorhinolaryngology; Phoniatry  |
| • 10. Chemistry; Physics             | • 35. Pathology                       |
| • 11. Dentistry; Stomatology         | 36. Pediatrics; Child Welfare         |
| • 12. Dermatology                    | 37. Pharmacology; Pharmacy            |
| 13. Diagnosis; Clinical Methods      | • 38. Physiology                      |
| • 14. Dietetics; Foods; Nutrition    | 39. Psychology; Mental Hygiene        |
| • 15. Digestive System               | • 40. Public Health; Sanitation       |
| 16. Endocrinology                    | • 41. Radiology; Phototherapy         |
| • 17. Forensic Medicine; Toxicology  | 42. Respiratory System                |
| 18. Genetics; Eugenics               | • 43. Surgery; Traumatology           |
| 19. Gynecology; Obstetrics           | • 44. Therapeutics                    |
| 20. Hematology                       | • 45. Tropical Medicine               |
| 21. History; Biography; Bibliography | • 46. Tuberculosis                    |
| 22. Homeopathy; Osteopathy, etc.     | • 47. Urology                         |
| 23. Hospitals                        | • 48. Venereal Diseases; Sexology     |
| 24. Immunology; Serology             | 49. Veterinary Medicine               |
| • 25. Industrial Hygiene; Sociology  | 50. Zoology                           |

THE ARMY MEDICAL LIBRARY  
Washington, D. C.

**THE CURRENT LIST OF MEDICAL LITERATURE**  
is for sale by the Superintendent of Documents  
U. S. Government Printing Office, Washington 25,  
D. C., \$3.00 per year (\$3.75 foreign) 10 cents per  
single copy. All communications regarding sub-  
scriptions should be addressed to the Superintend-  
ent of Documents at the above address.

Published weekly by the **ARMY MEDICAL LIBRARY**  
7th Street & Independence Ave., S. W., Washington  
25, D. C., as an intraservice publication of the War  
Department. Lists all articles of medical interest  
contained in current journals received. Subject-  
indexes provided monthly. **EXCHANGE INVITED**

## 1. Anatomy; Histology

*Am. J. Anat.*, 1946, 79: (Sept.)

PHELPS, D. Endometrial vascular reactions and the mechanism of nidation. 167-97, 8 pl.

WOLFE, J. M. Effects of progesterone on the cells of the anterior hypophysis of the rat. 199-239, incl. pl.

DAWSON, A. B. The effects of lactation on the postpartum involution of the uterus of the cat. 241-65, incl. 3 pl.

GRAFTS, R. C. The effects of iron, copper, and thyroxine on the anemia induced by hypophysectomy in the adult female rat. 267-91, incl. 3 pl.

BRUNER, J. A., & WITSCHI, E. Testosterone-induced modifications of sex development in female hamsters. 293-320.

*Anat. Rec.*, 1946, 95: (Aug.)

GRASSO, R. The action of thiourea on the intracellular colloid of the thyroid gland. 365-77, incl. 3 pl.

SCHLEICHER, E. M. On the conical openings in the wall of venous sinusoids and their relation to the so-called erythrocytic capillaries in the bone marrow of man. 379-89, incl. pl.

GRUENWALD, P. Embryonic and postnatal development of the adrenal cortex, particularly the zona glomerulosa and accessory nodules. 391-421, incl. 3 pl.

KIRKMAN, H. A simian, deeply cleft, bilobed gall bladder with a Phrygian cap. 423-47, incl. 2 pl.

HURME, V. O. Old and new concepts on the structure of dentin. 449-56.

SHAH, M. A., & SHAH, M. The arterial supply of the vermiform appendix. 457-60.

*Anat. Rec.*, 1946, 96: (Sept.)

EENNETT, L. L., & KONEFF, A. A. Atrophy of the thyroid and hypertrophy of the adrenal in rats with alloxan diabetes. 1-11, incl. 2 pl.

APPLEGARTH, A. P., & KONEFF, A. A. The effect of alloxan diabetes on the Golgi apparatus and mitochondria of the thyroid gland in the rat. 13-21, incl. pl.

SLOANE, M. W. M. A case of anomalous skeletal development in the foot. 23-6.

DEMPSTER, W. T., & WILLIAMS, R. C. Shadow casting; a technique to show surface texture in microscopical material. 27-39, incl. pl.

MONTAGNA, W., & NOBACK, C. R. The histology of the preputial gland of the rat. 41-54

PAPAY, S. L., & LAZAROW, A. Protection against diabetes and production of hepatic necrosis by use of cysteine and alloxan in the rat. 55-76, incl. 3 pl.

PAYNE, F. The cellular picture in the anterior pituitary of normal fowls from embryo to old age. 77-91.

## 6. Biology; Embryology

*Fed. Proc.*, Balt., 1946, 5: (Sept.)

BAZETT, H. C. Symposium on physiological contributions to war problems. 318

IVY, A. C. High altitude problems in aviation. 319-27.

WOOD, E. H., LAMBERT, E. H. [et al.] Effects of acceleration in relation to aviation. 327-44.

BURTON, A. C. Clothing and heat exchanges. 344-51.

HARTLINE, H. K. Problems of visual physiology during the war. 351-4.

GREGersen, M. I. Physiological contributions to the problem of shock. 354-61.

MITCHELL, H. K., TATUM, E. L. [et al.] Symposium on some recent trends in Neurospora biochemistry. 361-89.

TATUM, E. L. Neurospora as a biochemical tool. 362-5.

RYAN, F. J. The application of Neurospora to bioassay. 366-9.

MITCHELL, H. K., & HOULAHAN, M. B. Adenine-requiring mutants of Neurospora crassa. 370-5.

McELROY, W. D., & MITCHELL, H. K. Enzyme studies on a temperature-sensitive mutant of Neurospora. 376-9.

EMERSON, S., & CUSHING, J. E. Altered sulfonamide antagonism in Neurospora. 379-89.

CLARK, W. M., EVANS, E. A., jr. [et al.] Symposium on biochemistry of malarial parasites. 390-407.

EVANS, E. A., jr. Enzyme systems operating within the malarial parasite. 390-6.

BALL, E. G. Chemical and nutritional observations on malarial parasites grown in vitro. 397-9.

HELLERMAN, L., BOVARNICK, M. R., & PORTER, C. C. Metabolism of the malarial parasite; action of antimalarial agents upon separated Plasmodium lophurae and upon certain isolated enzyme systems. 400-5.

WENDEL, W. B. The influence of naphthoquinones upon the respiratory and carbohydrate metabolism of malarial parasites. 406.

ADOLPH, E. F., BOYD, T. E. [et al.] Survey of physiology in North America, 1945. 407-36.

ADOLPH, E. F. Purposes and methods of the study. 408-17.

DOW, P. The identification and analysis of the North American population of physiologists. 417-22.

BOYD, T. E. Economics. 422-8.

COMROE, J. H., jr. The careers and incentives of physiologists. 428-32.

ADOLPH, E. F. Future physiology. 432-6.

## 9. Cardiovascular System

Brit. Heart J., 1946, 8: (Jul.)

SZEKELY, P. The action of magnesium on the heart. 115-24.

HERSON, R. N., & SYMONS, M. Ruptured congenital aneurysm of the posterior sinus of Valsalva. 125-9.

CASSIDY, M., & PINNIGER, J. Healed dissecting aneurysm. 130-40.

HOSKIN, J., & GARDNER, F. Silent dissection of the aorta. 141-6.

HILL, A. The genesis of the normal electrocardiogram. 147-56.

BURGER, H. C., & VAN MILAAN, J. B. Heart-vector and leads. 157-61.

EVANS, W. The heart in sternal depression. 162-70.

Cardiologia, Basel, 1946, 10: No. 4-5

RJLANT, P. Contraction normale et fibrillations auriculaires et ventriculaires chez la tortue; les fibrillations des oreillettes et du ventricule intacts. 193-230.

WALSER, A. Ueber den Einfluss vegetativer Pharmaka auf den Ablauf der T-Zacken-Veränderungen im Arbeits-Elektrokardiogramm. 231-50.

RECHENBERG, H. K. von. Ein Beitrag zur familiären Häufung erworbener Herzklappenfehler. 251-79.

HIRSCH, S. Amylose locale offrant l'aspect d'une artérioloscлерозе du coeur. 280-8.

KARTAGENER, M. Zur Frage des traumatischen Herzschadens infolge stumpfer Gewalt (Comotio und Contusio cordis) 289-304.

Mod. Concepts Card. Dis., 1946, 15: No. 10.

PRINZMETAL, M. The collateral circulation of the human heart. [1].

## 10. Chemistry; Physics

Biokhimiya, Moskva, 1945, 10: No. 1.

KRITZMAN, M. G., & MELIK-SARKISIAN, S. S. Rol' dikarbonovykh kislot v obrazovanii aminokislot srezami pecheni. 1-13.

LAPIN, L. N., & VLADIMIROV, G. E. Fotometricheskii metod opredelenia askorbinovoi kisloty na osnove oksleniya leikoformy 2, 6-diklorfenolindifenola. 14-24.

OPARIN, A. I., & KADEN, S. B. Prevrashcheniia B-amilazy v prorstalushchikh semenakh pshenicy. 25-35.

KUZIN, A. M., & IVANOV, V. I. Rol' autokataliza pri sinteze polisakharidov. 36-44.

SHAPOT, V. S. O mekhanizme pasterovskogo efekta. 45-53.

RUBIN, B. A., ARCKHOVSKAIA, E. V. [et al.] O periodichnosti nekotorykh processov v rastenii, ee prichinakh i fiziologicheskom znachenii. 54-67

SHCHERBAKOV, A. P. Okolichestve i raspredelenii nekotorykh fermentov v organakh i tkaniakh prorstokov gorokha. 68-78.

BERGHOLZ, V. M., & KAUFMANN, E. B. Metod kolichestvennogo opredeleniia kancerogenykh uglevodorodov po ikh fluorescencii s pomoshchiu shifunefotometra. 79-81.

KONIKOVA, A. S., AZARKH, R. M., & DOBBERT, N. N. Okslenie aminokislot v suspenziakh *Bacillus brevis*. 82-8.

SHARPENAK, A. E., BALASHOVA, O. N. [et al.] Aminokislnotnyi sostav belkov organov i tkanei chelovecheskogo organizma; aminokislnotnyi sostav belkov myshe cheloveka. 89-94.

Biokhimiya, Moskva, 1945, 10: No. 3.

SYNGE, R. L. M. Belki i evoliucionnaia teoriia. 179-88.

IZMAILOV, N. A. Opredelenie temperaturnykh koefitsientov razrusheniia vitamina C v zhidkikh preparatakh, kak metod ocenki ikh ustoiichivosti pri khraneni. 189-98.

GUBAREV, E. M., & GUBAREVA, N. A. Khimicheskaiia priroda i nekotorye fiziologicheskie svoistva iadov, obuslovlivalushchikh "septicheskuiu anginu". 199-204.

IVANOV, I. I., BURNASHEVA, S. A. [et al.] O fiziologicheskom znachenii otdelnykh oksidoreduktsii v cepi dykhatelnykh katalizatorov. 205-15.

KRETOVICH, V. L., & BUNDEL, A. A. Issledovanie masla iz perezimovavshego v pole toksicheskogo prosa. 216-24.

KAPLANSKY, S., SVERDLOVA, F., & KAPLANSKAIA, S. Vliianie malobelkovoii diety na obmen aminokislot, ketokislot i na sodержanie glikogena v pecheni i myshchakh belykh kryss. 225-33.

BOKUCHAVA, M. A., & POPOV, V. R. Nerastvorimaia forma chainogo tannina. 234-42.

RUBINSTEIN, D. L., & BARINOVA, Z. P. Izmenenie sostoiianiia gemoglobina v eritrotsite pri gemolize. 243-57.

MARTINSON, E. E., & MEEROVICH, G. I. Kolichestvennyi metod opredeleniia 2-metil-1,4-naftokhinona (vitamin  $K_3$ ) v krovi i tkaniakh. 258-64.

Biokhimiya, Moskva, 1945, 10: No. 4.

KUZIN, A. M., NEVRAEVA, N. A., & ALISOVA, E. P. Spetsificheskie polisakharidy *Bac. Proteus* Ox 19 Oxy i Oxy. 269-78.

KRETOVICH, V., SOSEDOV, N. [et al.] Biokhimicheskie osobennosti iadovitogo prosa. 279-84.

GUBAREV, E. M., & VAKULENKO, I. L. Sostav i svoistva lipidov *Corynebacterium diphtheriae*. 285-95.

KAPLANSKY, S., & SCHMERLING, G. Sintez aminokislot v tkaniakh; sintez aminokislot iz dikarbonovykh kislot v srezakh pecheni i pochek. 302-302.

SEAKIAN, N. M., KOBIKOVA, A. M., & VASILEVA, N. A. Fermentativnye periody v listiakh i ikh svyaz s razvitiem zapasnykh i reproduktivnykh organov. 303-10.

OPARIN, A., BEZINGER, E., & BATSYNA, I. O prevrashchenii azotistykh veshchestv shampanskogo. 311-25.

MIKHILIN, D. M., & BRONOVICKAIA, Z. S. Znachenie gidratatsii dvuokisi ugleroda pri fotosinteze. 326-35.

KRITZMAN, M. G., & MELIK-SARKISIAN, S. S. Rol' fosfata v obrazovanii aminokislot srezami pecheni; III soobshchenie o sinteze aminokislot v zhivotnykh tkaniakh. 336-43.

BELOZERSKY, A. N., & PASKHINA, T. S. O khimicheskoi prirode gramicidina C. 344-52.

MAIBAUM, W. W. Opredelenie pentoz v nukleotidakh i nukleozidakh posredstvom reakcii Bialla. 353-9.

SIMAKOV, P. V. Metod opredelenia peroksidaznoi aktivnosti krovi. 360-3.

Biokhimiia, Moskva, 1945, 10: No. 5.

RUBIN, B. A., PUSHKINSKAIA, O. I., & SOKOLOVA, V. E. Vliianie vysotnogo faktora na enzimicheskuiu aktivnost rastenii. 365-72.

KNIAGINICHEV, M. I. Sostav krakhmalnykh zeren razlichnykh rastenii i svoistva sostavnykh chastei pshenichnogo krakhmala. 393-400.

KAPLANSKII, S., BEREZOVSKAIA, N., & SHMERLING, J. Vliianie malobelkovoii diety na processy dezaminirovaniia, pereaminirovaniia i sinteza aminokislot v pecheni i pochkakh. 401-6.

DORFMAN, V. A., MOLDAVSKAIA, E. A. [et al.] Fiziko-khimicheskaiia priroda deistviia antibakterialnykh veshchestv. 407-22.

KOLOTILOVA, A. I. O skorostiakh promezhutochnykh reaktsii glikoliza v eritrotsitakh razlichnykh. 423-38.

SHCHERBAKOV, A. P. Narushenie normalnogo processa dykhanii rastenii pri nedostatke kaliiia. 439-44.

SHMERLING, J. G. Pereaminirovanie glutaminovoi kisloty v tkaniakh razvivalushchegosia embriona; XXI soobshchenie ob obrazovanii i raspade aminokislot putem intermolekuliarnogo perenosa aminogruppy. 455-64.

RUBINSTEIN, D. L., & PETROVA, M. P. Izmenenie viazkosti aktomiozina pri vzaimodelstvii s adenozintrifosfornoi kislotoi. 465-76.

TEITELBAUM, B. J., & OIVIN, I. A. Novyi metod opredelenia kisloroda v krovi. 477-82.

KUHLBERG, L. M., & IVANOVA, Z. V. Cvetnaia reaktsiia i novyi metod kolichestvennogo opredeleniia sledov 2-metil-1,4-naftokhinona. 483-90.

LEVITOV, M. M., VYSHEPAN, E. D., & NENASHEVA, A. M. Novyi metod opredeleniia penitsilina. 491-8.

MESHKOVA, N. P. K metodike opredeleniia aminnogo azota po metodu Van Slyke. 499.

## 11. Dentistry; Stomatology

Brit. Dent. J., 1946, 81: (Oct.)

HUTCHINSON, A. C. W., & LOW, R. C. Penicillin in dental and oral surgery. 211-21.

DAVIS, E. D. D. The early diagnosis of cancer of the mouth. 221-3.

RICHARDS, K. A large dental cyst of the mandible. 223-5.

Dent. Mag., Lond., 1946, 63: (Jul.)

McKEAG, R. H. Orthodontic treatment by the public dental officer. 99-94.

HOLLAND, N. W. A. The Kingsley splint; an obsolete piece of maxillo-facial equipment. 95-9.

J. South. California Dent. Ass., 1946, 13: No. 8. (Aug.)

MILLER, E. C. Building the amalgam restoration. 13-20.

J. South. California Dent. Ass., 1946, 13: No. 9

COOPER, W. G., jr. The dentist looks at cancer of the lip. 20.

## 12. Dermatology

Brit. J. Derm. Syph., 1946, 58: (Sept.-Oct.)

PHILLIPS, B. A clinical study of sulphonamide dermatitis. 213-27.

EDKINS, K. Inquiry into the social background of convicted women at Holloway Prison infected with venereal diseases. 228-35.

SOLOMONS, B. A case of allergy to phenylhydrazine. 236.

## 14. Dietetics; Foods; Nutrition

Certif. Milk, 1946, 21: No. 244. (Aug.)

LEWIS, J. M., & WILSON, L. T. Vitamin A requirements in calves. 5.

J. Nutrit., 1946, 32: (Aug.)

GORTNER, R. A., jr., McCAY, C. M. [et al.] Some effects of dietary oxalate on the teeth of white rats. 121-31.

FREY, P. R., & JENSEN, R. Depletion of hepatic reserves of vitamin A and carotene in cattle. 133-41.

DAVIS, M. V., OLDHAM, H. G., & ROBERTS, L. J. Riboflavin excretions of young women on diets containing varying levels of the B vitamins. 143-61.

OLDHAM, H. G., DAVIS, M. V., & ROBERTS, L. J. Thiamine excretions and blood levels of young women on diets containing varying levels of the B vitamins, with some observations on niacin and pantothenic acid. 163-80.

GRAU, C. R., & PETERSON, D. W. The isoleucine, leucine and valine requirements of the chick. 181-8.

PEARSON, P. B., MELASS, V. H., & SHERWOOD,

R. M. The pantothenic acid content of the blood and tissues of the chicken as influenced by the level in the diet. 187-93.

CONSOLAZIO, F. C., & FORBES, W. H. The effects of a high fat diet in a temperate environment. 195-211.

SHIELDS, J. B., & MITCHELL, H. H. The effects of excess dietary calcium on longevity and tissue calcium in the albino rat. 213-25.

#### J. Nutrit., 1946, 32: (Sept.)

EVANS, E. V., IRVINE, O. R., & BRYANT, L. R. The retention of nutrients in cheese making; thiamine in Cheddar cheese made from raw and pasteurized milk. 227-37.

BACHMANN, G., HALDI, J. [et al.] Reproductivity and growth of albino rats on a prolonged daily intake of caffeine. 239-47.

RODERUCK, C., WILLIAMS, H. H., & MACY, I. G. Metabolism of women during the reproductive cycle; the utilization of thiamine during lactation. 249-65.

RODERUCK, C., CORYELL, M. N. [et al.] Metabolism of women during the reproductive cycle; the utilization of riboflavin during lactation. 267-83.

SCOTT, E. M., & QUINT, E. Self selection of diet; appetite for B vitamins. 285-91.

SCOTT, E. M., & QUINT, E. Self selection of diet; appetite for protein. 293-301.

GRAU, C. R. Protein concentrates as amino acid sources for the chick; corn gluten meal, cottonseed meal and peanut meal. 303-11.

RUSSELL, W. C., TAYLOR, M. W. [et al.] The nutritive value of the protein of varieties of legumes and the effect of methionine supplementation. 313-25.

KAUNITZ, H. Influence of a single dose of alpha tocopherol, administered to vitamin E deficient rats on the fifteenth day, upon subsequent growth. 327-36.

STROM, J. E., & HATHAWAY, M. L. Evidence of citric acid synthesis in human subjects. 337-43.

### 15. Digestive System

#### Am. J. Digest. Dis., 1946, 13: (Oct.)

RUSKIN, S. L. The control of muscle spasm and arthritic pain through sympathetic block at the nasal ganglion and the use of the adenylic nucleotide. 311-20.

STANDARD, S. Physiological derangements in organic disease of the intestinal tract. 320-30.

GRANET, E. Proctalgias and allied non-inflammatory perianal dyscrasias; coccygodynia proctalgia fugax, neurogenic pruritus ani. 330-3.

SCHEPERS, G. W. H. Pyrosis; an analysis of its clinical significance and pathogenesis. 333-8.

#### J. Nat. Proct. Ass., 1946, 18: No. 10-12. (Jun.-Aug.)

GOODWIN, F. B. Oral therapy in anogenital pruritus. 84-7.

FUCHS, G. J. Hemorrhoids. 99-101.

### 17. Forensic Medicine; Toxicology

#### J. Crim., 1946, 37: (Jul.-Aug.)

HAKEEM, M. Service in the armed forces and criminality. 120-31.

FOX, V. Intelligence, race, and age as selective factors in crime. 141-52.

### 25. Industrial Hygiene; Sociology

#### Q. J. Alcohol, 1946, 7: (Sept.)

LOLLI, G. The hang-over in relation to the theory and treatment of alcohol addiction. 193-213.

TIEBOUT, H. M. Psychology and treatment of alcoholism. 214-27.

DURFEE, C. H. Some practical observations of the treatment of problem drinkers. 228-39.

RILEY, J. W., jr., & MARDEN, C. F. The medical profession and the problem of alcoholism. 240-70.

J., E. M. Montaigne's essay on drunkenness. 297-304.

#### Month. Rev. N. York Dep. Labor, 1946, 25: No. 13-15. (Aug.-Oct.)

STERN, A. C., BALIFF, J. [et al.] Characteristics of unit dust collectors. 49-60.

#### Social Secur. Bull., 1946, 9: No. 8.

MERRIAM, I. C. International action toward social security for seamen. 17-28.

## 27. Medicine

Ann. Int. M., 1946, 25: (Oct.)

FAUST, E. C. Schistosomiasis japonica; its clinical development and recognition. 585-600.

KLATSKIN, G. Amebiasis of the liver; classification, diagnosis and treatment. 601-31.

SENSENBACH, W. Some common conditions, not due to primary heart disease, that may be associated with changes in the electrocardiogram. 632-47.

HERBUT, P. A. Renal changes in secondary shock. 648-62.

SCHWARTZ, B. M., McILROY, G. H., & WARREN, H. A. Acute mediastinal emphysema. 663-76.

LERMAN, J., JONES, H. W., & CALKINS, E. Studies on two sporadic cretinous brothers with goiter, together with some remarks on the relation of hyperplasia to neoplasia. 677-701.

SILVERMAN, J. J. An inquiry into the incidence of hyperhidrosis in convalescent trench foot. 702-10

BEN-ASHER, S. On the toxicity of the mercurial diuretics; observations on eighteen cases with suggestions for the prevention of toxic reactions. 711-24.

NOLAN, D. E., & PEDIGO, G. W., jr. Exfoliative dermatitis following penicillin therapy. 725-8.

HEYMAN, A., & BROWN, C. E. Acute syphilitic nephrosis. 728-31.

SPAIN, D. M., & CLARK, T. B. A case of agranulocytosis occurring during the course of penicillin therapy. 732.

WATTENBERG, C. A. Hypertension and the kidney. 734-41.

C., P. W. Radioactive phosphorus as a therapeutic agent. 742-6.
